**DRACO**

## **Manufacturer of professional care and cleaning products for car washes**

Effective and efficient care and cleaning of the car's interior and exterior

The DRACO products are used both in professional car washes and auto detailing shops. Our customers can choose from a wide variety of automotive chemicals, including car shampoos, active foam, car waxes and special purpose products.

The broad assortment of products and well-proven technologies guarantee effective cleaning without the risk of damaging delicate surfaces. All our products are manufactured from the carefully selected materials that are chosen in a manner that ensures maximum effectiveness and compliance with the strictest quality requirements of professional car washes at the lowest possible concentration of the ready-to-use product, and at the same time minimizes the risk of harming the natural environment.

For our customers, we're not just a supplier of chemical products, but also a reliable and trustworthy partner. Our consultants help choose the solutions that best fit the needs of your car wash or auto detailing shop and support those customers who already use the products we offer.

We have a well-organized and extensive distribution network covering the entire country. See all car care and cleaning products for professional car washes we currently offer.

You can find the full range of Draco-Bis products at [www.draco-bis.pl](http://www.draco-bis.pl)

### TAR Remover

**Product for removing tar and bitumen**

- Safe to use on paintwork
- Quick and effective
- Does not leave streaks or greasy stains

**USE**

Liquid product for removing heavy stains, such as bitumen, tar, resin or other greasy road contaminants, from car windows and paintwork.

**DOSAGE**

Ready to use

**PH**  
7

1 L 5 L

### GLUE & PAINT Remover

**Product for removing adhesives and paints**

- Safe to use on paintwork
- Quick and effective
- Does not leave streaks or greasy stains

**USE**

Liquid product for removing heavy stains, such as adhesives, paint, dyes or other greasy road contaminants, from car windows and paintwork.

**DOSAGE**

Ready to use

**PH**  
6

750 ml 5 L

### IPA Cleaner

**Product for degreasing surfaces**

- Safe to use on paintwork
- Quick and effective
- 99% isopropyl alcohol

**USE**

Liquid product for degreasing paintwork prior to treatment and conditioning.

**DOSAGE**

Ready to use

**PH**  
6

750 ml 5 L

### RUST Remover

**Product for removing surface rust**

- Safe to use on paintwork
- Quick and effective
- Neutral pH

**USE**

Liquid pH-neutral product for removing metallic contaminants and rust from washable surfaces.

**DOSAGE**

Ready to use

## DR SURFASteril DX-20

### Disinfecting product

- Effective at low concentration and temperature
- Bactericide, fungicide, sporicide and virucide (ASF and avian influenza)
- To be sprayed, foamed, hot fogged or cold fogged

#### USE

Liquid substance to be used as disinfectant for materials and surfaces in livestock enclosures and transportation.

#### DOSAGE

Concentration: 1 - 25% (Do not use in the presence of animals)

#### MICROBIOLOGICAL SPECTRUM

Bactericidal agent, according to: PN-EN 1276:2010

Fungicidal agent, according to: PN-EN 1650+A1:2013:08

Sporicidal agent, according to: PN-EN 13704:2018

Virucidal agent, according to: PN-EN 14675:2015

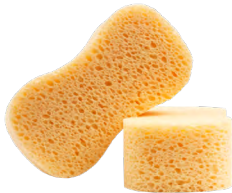

Active ingredient: glutaraldehyde, quaternary ammonium salts

## BRUSHES & ACCESSORIES

Professional VIKAN brushes and accessories for ensuring occupational health and safety:

- Robust structure
- Use of high-quality materials
- Colour-coding
- Resistant to low and high operating temperatures (from -25°C to +121°C)
- Resistant to aggressive chemicals
- HACCP-compatible

## SPONGE FOR HAND-WASHING

- Thorough cleaning without scratching the paintwork
- Ergonomic, with large pores
- Resistant to chemicals

## CHAMOIS LEATHER CLOTH

- Synthetic chamois leather cloth: 54 cm x 44 cm
- Perfect for drying and wiping the car down

## SPRAYERS

### MERCURY Super Pro+ 360

- Enables the application of liquid regardless of the sprayer's position
- Perfect solution for cleaning services, car washes and repair shops
- High resistance to acidic and alkaline chemicals

#### AVAILABLE VOLUMES:

0.5L, 1L, 1,5L

## SPRAYERS

### ORION Super Pro+ 360

- Pressure sprayer for application of aggressive chemicals
- Perfect solution for car washes, repair shops, civil engineering and road construction
- Equipped with Viton seals, safety valve, lance handle with a pressure gauge and spray nozzle (with mist-stream adjustment)

#### AVAILABLE VOLUMES:

3L, 6L, 9L, 12L

## FOAM GUN

Pressure foaming equipment

## HIGH-PRESSURE GUN

Pressure washer
